

On page 5, line 23, please change "Outlines" to --Outlined--.

Also, on each of pages 5, 6, 7, 8 and 9, please capitalize the first letter of each advantage listed. Also, after each advantage listed please place a semi-colon, except at the end of each major section, place a period.

Applicant is submitting herewith, replacement pages for pages 5, 6, 7, 8 and 9, with the described corrections.

The Examiner also noted page 67, line 9, reference to 3nd, rather than 3rd.

Applicant also noted a typographical error on page 67, line 5, where the word "be" should have been the word "been." Applicant is submitting herewith a new page 67 with those amendments.

The Examiner also noted the use of a number of trademarks, namely "ASTEX", SEMOZON", "CARULYTE 200", TEFLON", "SHIPLEY", and "EXERGY" and noted that they should be capitalized and accompanied by the generic terminology. In response Applicant respectfully amends the specification to fix this deficiency as follows:

On page 16, third line from the bottom and on the last line of page 16; on page 17, first line; and on page 72, line 7 and line 9 of the text: please delete "Astex" and substitute --ASTEX®-- therefor.

On page 17, line 1, two places, delete "Semozon", and substitute --SEMOZON®-- therefor.

On page 35, line 21, please delete "Carulyte" and substitute --CARULYTE®-- therefor.

On page 20, second and third line from the bottom, please delete "Teflon" and substitute --TEFLON®-- therefor. On page 36, lines 6 and 8, please delete "Teflon" and substitute --TEFLON® PTFE--therefor. On page 69, line 18, please delete "Teflon" and substitute --TEFLON® therefor. On page 72, line 6, and on page 79, line 2, please delete "Teflon" and substitute --TEFLON® PTFE-- therefor.

On page 14, line 7, page 31, line 20, page 44, line 8, page 45, four lines from the bottom, and on page 46, lines 2 and 5, please delete "Shipley" and substitute --SHIPLEY®-- therefor.

On page 20, lines 20, 21, and 22; on page 24, line 1 of the text; and on page 27, line 8; please delete "Exergy" and substitute --EXERGY®-- therefor.

Due to the numerous number of pages to be amended, Applicant requests that substitute pages for these trademark usages be delayed until this case is allowed, in order that to incorporate any other changes that may be found during prosecution.

Applicant will endeavour to make other corrections as they are noted.
